

# SAVE THE DATE

## HEC Users Conference on April 12, 2010

The **5th Annual EWRI Workshop - HEC Users Conference**, is scheduled for **Monday, April 12, 2010**, in conjunction with the ASCE Texas Section Spring Meeting in Austin.

This one day workshop, organized by the Austin EWRI committee, will feature a keynote presentation by the US Corps of Engineers **Hydrologic Engineering Center (HEC)** from Davis, California, on current capabilities and future enhancements for software systems including **CWMS, RTS, WAT, HMS, RAS, ResSim, DSS Vue, FIA, and Dam Breach Analysis**. Other presentations will be made by representatives of state and local public agencies covering Texas specific software applications. The workshop content targets engineers, scientists, and public officials with an interest in water resources management and flood hazard mitigation.

The Texas Section Spring Meeting will be at the new state of the art AT&T Executive Education and Conference Center at The University of Texas at Austin. The HEC Users Conference will be in Room 105 from 9am to 3pm, lunch included. This event qualifies for five hours of Continuing Education Credits (CEC) and/or Professional Development Hours (PDH).

### REGISTRATION

Registration for the workshop will be through the ASCE Texas Section Spring Meeting Registration. Online registration is available at <http://www.texasce.org> or call the Texas Section Office at **512.472.8905**.

ASCE Spring Conference attendees may register for the EWRI Workshop through **Option 1** (Full Conference) or **Option 2** (Monday only) by selecting the HEC Users Conference for the Continuing Professional Development (CPD) Class on Monday. Registration is also available through **Option 4** for those not attending the ASCE Spring Conference. Registration fees for each attendance option are posted on the Texas Section website, and early bird registration is available until March 2. Discounted fees are available for ASCE members and students.

Hotel information is also available at <http://www.meetatatexas.com> or call **877.744.8822** or **512.404.3600**. Reference Event –Texas Section - ASCE Spring 2010 – for special rate
