	The corporate address for ASCE's Texas Section is:	
	1501 South IH35, Suite 180	
	Austin, Texas 78704-2615	Attention: Brandon Hammann

INFORMATION ABOUT THE EVENT	This is an annual event hosted by the Austin Children's Museum and staffed by volunteers from the American Society of Civil Engineers (ASCE) and the Greater Austin Contractors and Engineers Association (ACEA). The event will be held February 18, 2012 from 10 a.m. to 2 p.m. The mission of the museum is to inspire young children and the adults in their lives to experience the joy of learning through the power of "constructive play". The goal of the event is to introduce these young children to civil engineering and expand their understanding of engineering principles through interaction with professional engineers. The event draws over 200 children each year. For 2006 and 2007, the event also received additional funding through ASCE's national SPAG grant program. For 2008-2012, the event has been co-sponsored by ASCE and ACEA.
INFORMATION ABOUT THE AMERICAN SOCIETY OF CIVIL ENGINEERS	Founded in 1852, ASCE represents more than 137, 000 civil engineers worldwide and is the nation's oldest engineering society. The Society celebrated its 150th anniversary in 2002. For more information, visit www.asce.org The Texas Section of ASCE qualifies as a 501(c)(3). The Austin Branch of the Texas Section is an award winning branch for it's numerous activities and fundraisers. For more information about the local branch of ASCE please visit www.austinasce.org

Thank you for your generous support!
